[REDACTED]

To Whom It May Concern,

I write this in recommendation of [REDACTED] Since his arrived to our facility this past November, he has been able to overcome many obstacles. Over the course of his time with us I have seen [REDACTED] grow tremendously and make a lot of positive changes. This resident has made many strides to better his behavior throughout the course of his time with us. Though he may have his ups and downs, he continuously strives and attempts to do his best and make sure the next day was a better day than the one before. Over the past couple of months, I have been in his direct care. I have seen him go from a person who did not care about his behavior, into one who at the very least recognizes when he is wrong and is willing to accept the consequences. I have seen him mature gradually and positively into someone who seeks to become a better person. I hope these kind words can influence him to continue his progress and earn him a right to whatever he wants to obtain or accomplish.
